## **ABOUT THE WORD FUKUGEN®**

*The return to the origin is the fundamental principle, at the beginning, to restore contact with its nature. This principle of restoration is what makes traditions and their rites so powerful. It was inspired by this principle of restoration of the original state, which was born the Fukugen which means in Japanese animal restoration. His Kanji unites return and origin, demonstrating that health is nothing more than this - a return to the pure state first.*

## **DESCRIPTION**

○ **Fukugen® Birds** is an acidifying additive used in liquid intake for broilers and laying birds, via drinking water. **Fukugen®** technology is safe, easy to use and economical. It produces improvement results associated to several quality parameters making it more efficient.

## **BRAND**

**Fukugen® Birds** is a liquid intake acidizing additive for broiler chickens and laying hens.

## **COMPOSITION**

Acetic acid, lactic acid, vegetable extracts and qsp water.

## **GUARANTEES:**

Acetic acid: 0.75 g/Liter  
Lactic acid: 8.0 g/Liter

# PRESENTATION

Fluid, brown “homogeneous suspension”.

# PACKAGES

**1L:** (for box with 10 units) white plastic packaging, with valved lid, capacity: 1L, box height 25 cm, width 45 cm, length 18 cm, net weight: 10 kg and gross weight: 11 kg.

**5L:** white plastic packaging, with valved lid, capacity 5L, height 21 cm, width 14 cm, length 25 cm, net weight: 5 kg and gross weight: 6 kg.

**20L:** blue plastic packaging, with valved lid, capacity 20L, height 40 cm, width 25 cm, net weight: 20 kg and gross weight: 21 kg.

Product specifications are on the label printed on the bucket.

## INDICATION OF USE

The **Fukugen® Birds**, is used to promote the reduction of the pH of drinking water, to benefit the digestive metabolism of production animals and to obtain an improvement in the zootechnical performance.

## WAYS OF APPLICATION

Species	Inclusion (drinking water)	Package
Broiler chickens and laying hens	100 - 300 mL/100 Liters of water	Pumps 20 L Gallons 5 L Bottle 1 L

For dosage adjustment or further information regarding quantity and forms of application, please contact our technical team.

## **STORAGE CONDITIONS**

The storage must be in a ventilated, dry place and protected from direct light.

## **PRECAUTIONS**

Avoid contact with eyes, skin and clothes.
