

	TECNICAL SHEET <i>Saisei</i> [®] <i>Liquid Intake Acidizing Additive for Animals</i>	Document Number: FT- BPA 06
		Issue: May-29-2020
		Revisão: 01 Data: Dec-01-2020

ABOUT THE WORD SAISEI [®]

Careful care with the production of animals is a feature of Japan, as is the care with Wagyu cattle. This characteristic is the source of inspiration for developing the Saisei - a protective liquid herd. Saisei comes from a Kanji that means life twice, which can be translated as regeneration. Its purpose is to take care of the welfare of the creation and protect the flock.

DESCRIPTION

Saisei[®] acidifying additive for animal use, is a pH reducer. ***Saisei***[®] technology is safe, easy to use and economical. It produces improvement results associated to several quality parameters, making them more efficient and safer.

BRAND

Saisei[®] is an acidifying additive for animal use.

COMPOSITION

Acetic acid, lactic acid, water qsp.

GUARANTEES:

Acetic acid: 2.0 g/litre
Lactic acid: 9.0 g/litre

PRESENTATION

Fluid, brown “homogeneous suspension”.

PACKAGES

1L: (for box with 10 units) white plastic packaging, with valved lid, capacity: 1L, box height 25 cm, width 45 cm, length 18 cm, net weight: 10 kg and gross weight: 11 kg.

5L: white plastic packaging, with valved lid, capacity 5L, height 21 cm, width 14 cm, length 25 cm, net weight: 5 kg and gross weight: 6 kg.

20L: blue plastic packaging, with valved lid, capacity 20L, height 40 cm, width 25 cm, net weight: 20 kg and gross weight: 21 kg.

Product specifications are on the label printed on the bucket.

INDICAÇÃO DE USO

Saisei[®] acidifying additive for animal use, is used to provomer the reduction of pH and benefit the zootechnical performance. *Saisei*[®] technology is safe, easy to use and economical.

MODO DE USAR

Specie	Inclusion	Package
Birds	Adults: 100 a 120 mL / Liters of water	Pumps 20 L
Swines		Gallons 5 L
Bovines		Bottle 1 L

For dosage adjustment or further information regarding quantity and forms of application, please contact our technical team.

STORAGE CONDITIONS

The storage must be in a ventilated, dry place and protected from direct light.

PRECAUTIONS

Avoid contact with eyes, skin and clothes.
